

North American B-25 Ground School

North American B-25 systems, crew resource management, emergency procedures, flight characteristics, big radial engine care and feeding, and new equipment installed over the winter.

Directions: From 494 take Highway 52 South to Upper 55th Street. Go East on Upper 55th Street until you come to a T-intersection. Take a right (south) and you'll end up at the Terminal Building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
