

Rod Machado in Person

Please bring a chair as this will be a packed house.

Rod Machado utilizes the humor that only he has to explain some of the most difficult aspects of flying. Rod speaks across the country and we're lucky to have him here with us. Rod will use scenario based (though humorous) training to take us on a vivid journey of flying and flying safely. Rod will also be available for a short time before and after for autographs.

Directions: This seminar will be located in the Modern Avionics Hanger.
