

Discover Aviation Days - Unmanned Aircraft Systems

Unmanned Aircraft System ("drone") registrations now outnumber manned aircraft registrations in the United States. Find out what how and why the FAA is involved with their operations and learn the "Do's and Don'ts" of UAS flying! Aaron Sykes is a UAS expert in operating both recreationally and commercially. Benefit from his knowledge on the subject and have your questions answered!
<http://www.discoveraviationdays.org/default.htm>

Directions: From Central Avenue NE and 93rd Lane NE, turn East towards the Anoka Co. Airport. Follow the signs to the SW corner of the airport and enter at Gate A. Follow Airport Road to the right. Park as directed.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
