

Minneapolis FSDO FAASTeam presents:

# The CFI Seminar You Cannot Miss

With a healthy dose of humor and reality, this seminar will cover things every CFI should know (but probably forgot about). Topics discussed include: The new Airman Certification Standards Flight School Safety Culture How to teach Aeronautical Decision Making Conducting a risk based Flight Review Participating in the FAA WINGS program

You're not going to want to miss this! Sure, it'll be two hours of your life you won't get back, but trust me, you won't mind. Plus, you'll learn how to renew your CFI while getting paid to do it! #winning

In addition to these fascinating topics, you'll get to meet the FAASafety Team Program Manager for the MSP FSDO, Kevin Morris! How exciting is that?!? Very exciting...that's how exciting it is. Very.

**Directions:** The seminar will be located in EAA Chapter 272's Hangar at the Richard I. Bong Memorial Airport. Hangar A8 is the last hangar in the first row.

#### **A message from the National FAASafety Team Manager**
