

Get Control of Yourself

With a healthy dose of humor mixed in with serious topics and very interesting case studies, this seminar addresses the #1 cause of General Aviation accidents: loss of control. Topics discussed include: Preventing Loss of Control accidents Flying the aircraft first Minnesota aircraft accident case studies Participating in the FAA WINGS program

You're not going to want to miss this! In addition to these fascinating topics, you'll get to meet the FAASTeam Program Manager for the MSP FSDO, Kevin Morris! How exciting is that?!? Very exciting...that's how exciting it is. Very.

Directions: The seminar will be located in the Bemidji Regional Airport Terminal Building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
