

## IMC Club Meeting - Above the Clouds with a Dark PDF

During this hour long event we will discuss the different ideas on handling an IMC situation where avionics failures caused problems for a pilot and how each of us would have handled a similar type situation in our own aircraft. The idea is to gain knowledge by thinking about potential IFR problems and listening to fellow pilots ideas.

**Directions:** The meeting will be held in the conference room of Signature Flight Support at the Rochester International Airport

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
