

## Ice Belongs in Drinks and Not On Airplanes

Thunderstorm season is nearly over, so now it's time to think about ice! We will talk about what causes icing, how it affects our aircraft, and what to do if we encounter ice. There will also be a discussion of different weather products useful when planning flights where icing potential needs to be considered.

**Directions:** Southeast side of Flying Cloud Airport behind Modern Avionics.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
