

The FAR Side

Mark Schreier, retired MSP Approach controller, will take a humorous look at the REGs all of us pilots have to abide by. Can you understand the legalese in the FAR/AIM book? Is it clear to you when you read a regulation? How come a regulation refers to another section of the book which refers to another section of the book? How did they come up with these regulations? Are there reasons? You might want to bring a seatbelt to this one as you just might fall off your seat from laughing too hard! Don't miss this seminar!

Directions: This seminar will be located in the Modern Avionics Hanger located behind shop.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
