

sUAS Overview - Rules and Best Practices for Hobbyist Use

sUAS, or Drones, have become extremely popular in the past few years. Built on almost a century of unmanned and RC Aviation, multi-rotors are encouraging many into the exciting world of aviation.

We will talk about the FAA regulatory framework surrounding sUAS, enabling new and existing users to fly safely and compliantly. We will talk about best practices and introduce you to the largest drone group in the Twin Cities where you can connect with other responsible drone pilots and builders.

Directions: Main Conference Room at the Fleming Field Terminal

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
