

FAA Wings Program and the Aviation Safety Reporting System

The FAA Wings program is a full fledged recurrency program for general aviation pilots. Find out what is available to you on the FAASafety.gov website, how to register, and how to get your fellow pilots onboard. Additionally, we will discuss the Aviation Safety Reporting System (ASRS). Can the "NASA form" really save you from FAA enforcement? What happens if you have a pilot deviation and you submit an ASRS report?

Directions: The meeting will be held in LSC's conference room.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
