

## Date Change - Its Oshkosh Time!

Join Bryan and Steve as they discuss AirVenture from the perspectives of both a pilot and a controller. Bring your questions on procedures, where to eat, where to watch an airshow, and where to find the most fun! We will be discussing the Notam, so bring a copy with you to follow along. If you want your copy on a tablet, please download the Notam BEFORE the seminar. Internet access at the hangar is limited.

**Directions:** This seminar will be located in the Modern Avionics Hanger located behind shop. If flying in, ramp is full and you need to park across the taxiway in the grass please notify Flying Cloud Ground Control of your intentions. You may want to consider bringing a chair in case there are none available when you arrive.
