

On the Ground and In the Air - Whats New At KFCM

We'll get an update from Mike Wilson, KFCM Tower Manager and Bill Ratts, KFCM Tower on the latest happenings at KFCM. This is a separate seminar from our biannual noise abatement talk.

Directions: This seminar will be located in the Modern Avionics Hanger located behind shop. If flying in and the ramp is full, you will need to park across the taxiway in the grass please notify Flying Cloud Ground Control of your intentions. You may want to consider bringing a chair in case there are none available when you arrive.

We hold our seminars in pretty much any weather. For questions about possible cancellation for inclement weather, please call Laura at number below.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
