

# GA Industry Update With AOPA Great Lakes Ambassador Andy Miller

We will hear an update on issues important to General Aviation including safety statistics, FAA regulatory and guidance changes and status reports on topics such as FAA reauthorization and ATC funding. Andy will also discuss AOPA initiatives including the "Fair FBO Access" debate. There will be plenty of opportunity for questions!

**Directions:** This seminar will be located in the Modern Avionics Hanger located behind shop. If flying in and the ramp is full, you need to park across the taxiway in the grass please notify Flying Cloud Ground Control of your intentions. You may want to consider bringing a chair in case there are none available when you arrive. We hold our seminars in pretty much any weather. For questions about possible cancellation for inclement weather, please call Laura at number below.

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Join us on Facebook: <https://www.facebook.com/groups/GASafety/>  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
