

MN FAASTeam presents:

IMC Club Meeting

During this hour long event, we will discuss our aeronautical decision making opinions about how we might handle challenging IMC situations. The idea is to gain knowledge by thinking about potential IFR problems and listening to fellow pilot's ideas. Check for cancellations at <http://eaa100.org>.

Directions: Copy then paste this link - <http://eaa100.44rf.com/imclub/imclub.htm> in your browser for a Google Earth picture and a printable .pdf picture of the location. Turn north at the most eastern traffic light off highway 14 in Byron, MN. Continue north on 10th Ave until the stop sign. Turn east on 7th St NE / Co 134. Turn south at the first opportunity onto Tompkins Dr NE. It is a 1-story business building on the west side of the road. Entrance is about in the center of the offices on the east side of the building.
If you wish to have a ride from and back to the Dodge Center Airport (KTOB), please call Dick Fechter at (507) 272-5099. You would have to be ready to get in a car by 1840.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Join us on Facebook: <https://www.facebook.com/groups/GASafety/>

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
