

MN FAAS Team presents:

National Drone Safety Week - Our Environment and Package Delivery

Join us for the FAA's first National Drone Safety Week! Each day focuses on a UAS topic, today its our environment and package delivery! What can drones do to help support our environment? From the forests to the deer and everything in between, check out what drones can do to help. And, everyone wants to know when we will get our first package from a drone! What will drone delivery look like? Join us as we talk with local experts about the environment and drone delivery!

Directions: Please register for National Drone Safety Week - Our Environment and Package Delivery on Nov 7, 2019 7:30 PM CST at:

<https://attendeegotowebinar.com/register/1901029618646249484>

After registering, you will receive a confirmation email containing information about joining the webinar.

The Webinar will begin at 8:00 pm. You will be able to log in at 7:30 pm to test your connection:

The Webinar will last approximately 30 minutes.

A message from the National FAASTeam Manager
