

KFCM IMC Club Meeting

There's a decision to be made when your GPS and your altimeter do not agree. Which should you use? This scenario is courtesy of Pilot Workshops

IMC Club, through its nationwide chapters, provides organized "hangar flying" focused on building instrument flying knowledge and skills.

The organization network promotes a safety culture through continued education and believes that safety and proficiency are developed through education and experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips.

Directions: Meeting will be held in main lobby.

A message from the National FAASTeam Manager
