

Commemorative Air Force CRM / ADM Training - AMT

This is required CRM / ADM training for all CAF pilots, co-pilots, and flight engineers. This event is limited to CAF-only crews.

Most of our pilots and air crew performed the CAF mission safely, the few that did not placed our organization and insurability at risk.

Therefore, HQ will be performing an in-depth study of all the unit histories, including, but not limited to; safety, record keeping (including keeping FORTRESS up to date), maintenance, financial, and training.

Directions: From Hwy 52 take Upper 55th Street East to Henry Avenue. Proceed right (South) on Henry Avenue to the South Saint Paul Airport. The event is at the CAF Museum.

A message from the National FAASTeam Manager
