

MN FAASTeam presents:

# **KFCM Tower Tour For Instrument Rated and Instrument Students**

Break away from football and join us at the Tower at Flying Cloud...what is it they see, how can we help each other, get your questions answered, get a phone number (in a good way) and so much more! Learn what your clearance strip looks like, that they really do use grease pens, find out what they see on final for the 28s (it's not much), what to expect in your clearance, how to avoid "ready to copy", how to best shoot practice approaches and so much more

A supervisor will give us a brief overview and we will have a Q&A session. We can also talk to the controllers as their workload permits.

Bring your questions or just join us for a conversation and see the view.

**\*No phones or photos allowed in the Tower\***

**Directions:** Please be prompt at 12:30/12:35pm at Gate A of Flying Cloud airport (10110 Flying Cloud Drive in Google maps will get you there). I'll meet you at the gate and then we will drive to the base of the tower to be escorted upstairs. Note, I'll be finishing up an earlier tour, if I'm not there till 12:35 don't worry, I'll get there :)

**\*\*\*No phones or photos allowed in the Tower\*\*\***

If you need to be late, please text before 12 so I can wait for you.

## Event Details

**Sun, Dec 4, 2022 - 12:30 CST**
