

MN FAASTeam presents:

Best Practices for Safe Operations Near SGS and STP Airports

Join the Air Traffic Controllers (ATC) from the Saint Paul Downtown Airport (STP), for a safety presentation that will highlight areas of safety concerning VFR aircraft operating into and out of South Saint Paul Airport, Fleming Field (SGS) airport and the Saint Paul Downtown Airport. Get your questions answered, learn some best practices to help you and the controllers, explore what it is that ATC sees and what equipment they use. The presenters will highlight best practices to keep everyone safe when operating in this airspace. Tours of the Historic Terminal Building and the Air Traffic Control Tower (STP) will be available after the presentation.

Directions: Seminar is located in old terminal building. The Downtown St. Paul Airport (STP), Holman Field, is located in Ramsey County. Seminar will be located in the historic terminal building at the St. Paul Airport. The seminar will be held in the Amelia Earhart conference room adjacent to Holman's Table restaurant in the historic terminal building. It is easy to find using GPS/map apps. Parking is located in front of historic terminal building/Holman's Table restaurant. Airport website: <https://metroairports.org/our-airports/st-paul-downtown-airport>
Two fixed-base operators provide services such as fueling, maintenance, aircraft storage and line services. Aircraft charter services are also available on the field.
