

Minneapolis ARTCC ZMP Tour for Private or Higher Licensed Pilots

For private or higher licensed pilots, come join us for an educational tour of the Minneapolis Air Traffic Control Center (ARTCC) aka "Minneapolis Center".

At the ARTCC - see how they see you! You will have an opportunity to interact and ask questions with an actual controller that is providing the tour, and learn more about how their world and systems work. You will learn how communicating with Minneapolis Center improves safety especially for dealing with weather and helping with traffic/ collision avoidance. The insights you gain will make you more comfortable and proficient whether you are VFR flight following or flying IFR.

Please arrive 15 min early to sign in at the Minneapolis ARTCC center in Farmington MN: 512 Division Street, Farmington, MN 55024.
