

Saturday Morning Coffee and Wings - Deferred!

Join us for A VIRTUAL cup of coffee, a donut, and a LIVE WEBINAR as Dr. Lakin lets us know the latest on medical deferrals. When you show up for a flight physical three things can happen: you get your medical certificate (most often in his practice), you are issued a medical certificate under a CACI (about 5-10% of the time), or you don't get your certificate and are deferred to the FAA's medical division for further evaluation (about 5% of the time). If you are deferred, it means a wait, maybe a long wait. So, what can you do to reduce the chance of your being deferred? Find out by listening to this webinar!

Aviation safety will be discussed, and is central to the content of this presentation.

Many of our sessions are recorded and can be viewed on our YouTube channel, Saturday Morning Coffee and WINGS. Credit is not available if viewing the recording. Here is a link:
