

Foreflight Unleashed?

Foreflight is arguably the most popular and useful flight planning software on the market today. It has gained that status because it is laden with features that are easy to navigate, making flight planning an easy task. Join us for this presentation in which the most useful features will be discussed, while revealing some features of which you may not be aware!

Mark Cook works as a contract pilot and specializes in single engine turbine aircraft, including the Pilatus PC12 and Socata TBM aircraft. Mark and his wife operate Barnstormers Flight Training, a flight school based at Bemidji Regional Airport. Based out of Bemidji MN, Mark is the furthest north Minnesota Designated Pilot Examiner.

Seminar in Hangar A

Airport is located southeast of the City of Buffalo off of Highway 55. Turn north on County Road 134 (at the Kwik Trip) and the airport will be on your right just past Menards. It is easy to find using GPS/map apps.
