

## Seaplane Mishaps And The Lessons Learned

Accident/ incident analysis, and review, is a crucial learning and development tool for all pilots. In this presentation selected seaplane accident reports will be examined and broken down to look into the factors that led to the incident, and the important lessons that can be learned.

**Charles Scott** has been flying for over 36 years and 30 years of that as a flight instructor. He has acquired over 7,000 hours of flight time and is close to 5,000 of instruction given. He is the Owner of Brainerd Aviation, a flight school that specialized in emergency maneuver training/basic aerobatics, and is now focused on ground school courses and specialized training. When not instructing, he has flown part 135, corporate, and has managed aircraft for individuals, and companies. Charles is a licensed Peace Officer in the State of Minnesota and is currently employed as a Conservation Officer Pilot for the Minnesota Department of Natural Resources Enforcement Division.
