

KSTP Tower Tour

***If you have joined a KSTP webinar/seminar in the past please email Ambyr at pfmflight@gmail.com for a different tour option at the same time.**

Join us up in the KSTP tower to meet the folks on the other side of the radio. Come learn what they see (and enjoy the view yourself), get your questions answered, what it means when they say, "I was on the other line", see how planes are handed off between controllers, see the light gun, how to request "over the top" and so much more!

Most of all we'll all remember / find out that controllers are just normal people and how we can work together to make flying the best and safest possible!

We will have a short presentation from a controller on operations, their requests, visit the tower and Q&A.
