

Lessons From The Past With A Twist

Join us as Laura discusses the Wellstone accident and an accident occurring in Victoria, MN. Both accidents involved loss of control in flight (LOC-I), and she will talk about what happened, what the causes were, and how the pilots involved could have mitigated risk. She will also share personal connections to both flights and finish with a discussion on how to talk with non-pilots about aviation accidents

Here is a link to the NTSB report for the Wellstone accident: [Wellstone accident](#)

Here is a link to the NTSB for the Victoria, MN accident: [Victoria accident](#)

Presentation will be in main part of hangar

Parking is available in the main airport parking lot. Enter SCSU Aero Club Hangar through the south door adjacent to the parking lot.

A message from the National FAASTeam Manager
