

Saturday Morning Coffee and Wings - False Sense of Security

Join us for A VIRTUAL cup of coffee, a donut, and a LIVE WEBINAR as Jurg discusses avoiding a false sense of security.

If a Pilot just had a recent Flight Review or a Instrument Competency Check, then they should be good to go right? Not so fast, through works we have discovered that many pilots are not receiving proper evaluations for their knowledge or skill during their Flight Review or FAA WINGS Flight Activities.

Our speakers will discuss how this is possible and what you can do to avoid this pitfall. This leave us with the important question on how you will receive the best evaluation to keep YOU safe? The answer is found in FAA Advisory Circular 61-98E. Join us so you can make the best informed choice for you!

Aviation safety will be discussed, and is central to the content of this presentation.
