

EAA Chapter 54 VMC Club Meeting and Safety Seminar

The EAA VMC Club provides a "hangar flying" experience organized around visual flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

The scenario(s) we will discuss at this meeting is/are: The scenario titled "Bumpy Final" describes an actual flight. Our pilot is flying a Piper PA-28 Dakota on a 100-mile flight with a friend. Below 300 feet on approach, you encounter strong wind shear and turbulence. What do you do?

Bring your experience, and/or your questions, and be ready to participate.

After the short discussion, we'll watch a safety seminar on flying tailwheel aircraft.

All are welcome. You do not need to be an EAA member to attend. Coffee and doughnuts will be served.

We will also be discussing how you can earn **WINGS** Credit.

EAA 54 headquarters is located at the base of the airport beacon at Lake Elmo Airport. If driving on Manning Avenue, enter at Gate B (the southern entrance just north of the 30th Street traffic signal). The building is on the right.
