

Saturday Morning Coffee and Wings - GPS Spamming

Join us for A VIRTUAL cup of coffee, a donut, and a LIVE WEBINAR as Bobby gives us real-world examples of GPS spoofing and interference in Africa. He will discuss sources of interference and lessons learned from those events. We will also learn how to assess an aircraft for susceptibility to GPS interference, how to successfully complete a mission or divert after GPS loss, and other resources to help prepare for the possibility of GPS interference

Bobby is a missionary pilot in Africa, CFI/I, A&P, IA and Kenya CPL

Aviation safety will be discussed, and is central to the content of this presentation.
