

Squawking 7600 and What Comes Next

Equipment failure while in IMC. What do you do when your (usually reliable) Garmin fails due to a mechanical glitch?

You turn the outer and inner knob to change frequencies and nothing happens. We will discuss possible solutions including declaring an emergency.

Retired NWA/Air Force Pilot, **Captain Dick Bihler**, will also lead our meeting with IFR Quiz and Question of the month.

Members are welcome to share their individual experiences in a safe, judgment free and confidential environment.

Event Details

Wed, May 27, 2026 at 18:30 CDT

Thunderbird Aviation

14091 Pioneer Trail

Eden Prairie, MN

**Contact: BRADLEY DONALD
