

Flying Cloud Tower Tour for Pilots and CFIs

Come join us to meet our friends in the Tower at Flying Cloud. See what they see - watch and learn how they work landing aircraft and ones looking to taxi and depart. See first hand the new dual local controllers. Get your questions answered, and more! This experience is targeted for pilots to learn how the controllers can help you and vice versa. We are doing this as a group event, so you can ask and learn from each other's questions. A supervisor will give us a brief overview and will answer questions. We can also talk to the controllers as their workload permits.

Bring your questions or just join us for a conversation and see the view!

As homework, review the From the Flight Deck video:

****No phones or cameras allowed in the Tower.**

Please meet at Gate A of KFCM (if you follow Google maps to 10110 Flying Cloud Drive it will bring you there). We will enter and drive as a group to the Tower, so please arrive a few minutes early.

Once at the tower, we will break into 2 smaller groups that will be escorted upstairs one at a time.

****No phones or cameras allowed in the tower.**

A message from the National FAASafety Team Manager
