

# Review of FARs for VFR and IFR pilots

This seminar will consist of a review of FARs for VFR and IFR pilots with emphasis on the ones pilots often forget or misunderstand. Also covered will be regulations related to use of GPS navigation. Some information about in-cockpit weather services may also be covered if time permits.

**Directions:** This facility is located at Smith Field airport (SMD). Fly-in attendees should park at the SMD FBO and walk or catch a ride to the facility. Note - the FBO closes at 7:00 PM. The seminar will be held in the classroom on the left after entering the building.

## A message from the National FAASTeam Manager

The new WINGS–Pilot Proficiency Program is great! Check it out now!

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
