

N/A presents:

# China Shot Peening Workshop (seminar)

Three days of intensive instruction on all aspects of the shot peening. Product design engineers, machine operators, foremen, supervisors, maintenance and quality engineers all benefit from the workshop. Please note that there is a fee to attend this event, see contact information below for details.

**Directions:** Hotel is near Peoples Park on the West side of Shenzhen, China. Zip code above is incorrect due to system limitations.

## A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
