

## Avionics Systems and ADS-B Training.

Introduction to glass cockpits, handhelds, and how they can help you in the cockpit. Where we began and where we are with Cockpit Safety. This will give an overview of many Avionics systems and how they can improve cockpit safety and awareness. This course will also include knowledge on ADS-B requirements and mandates.

**Directions:** The event will be held in the Stewart Aviation facility. Directions to the room will be given at the facility.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
