

FREE Proficient Pilot Seminar - Flying into Busy, Towered Airports

You are invited to join us as Joel Pierce, general manager and chief flight instructor at Sweet Aviation, reviews good tips and procedures for flying into some of the busy, towered airports in our region. We'll reference various training aids and resources like mobile devices and apps to help make your next towered airport experience leaves you safe and the controllers happy. Sharing from personal experiences of flying to big airports in cities like Chicago, Indy, and Detroit, will also ensure this seminar is both practical and interesting.

Directions: This safety seminar will be held in the terminal building at Smith Field Airport, 902 West Ludwig Road, Fort Wayne, IN 46825.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
