

FAA Safety Team presents:

Rusty Pilot Seminar at the Institue of Aviation

Life may have gotten in the way, but the dream of flight can be yours again. Returning to the skies is not as difficult as most rusty pilots think. We're inviting you back in the cockpit and will help you get there. Come and participate in a FREE Rusty Pilots program with fellow pilots for a healthy reivev. We will help you understand what's changed in aviation since you've last took the controls and brush up on your aviation knowledge. The Rusty Pilots program is developed by AOPA in partnership with local flight training providers in order to create the best environment for getting you back in the air and a part of the general aviation community. It is easier than most people think:No FAA checkride or testMedical may not be required As a Bonus, by attending, you get three hours of free ground instruction towards your flight review and wings credit!

Directions: Held at the Institute of Aviation located at Willard Airport next to the control tower.
If your are flying in, park at Flightstar.
If your are driving in, come to Willard Airport and park in the parking lot next to the control tower.
There is no pre-registration on the FAA site for this event.
