

## Marshall County Airport Annual Safety Seminar

Clive Adams from the Springfield FAASTeam will present on Aircraft Owner/Operator Maintenance Recordkeeping Responsibilities. Learn to approach your maintenance records with a trust but verify attitude. Your mechanic may be the one who makes the entry into the logbook, but it is the owner/operator who is ultimately responsible.

Roger Finnell from IDOT will present on Airplanes and Wildlife Hazards. Learn about the inherent dangers of wildlife interactions with flight operations, ways to mitigate the risks, and how to report wildlife strikes to the FAA database.

Approximately 1.5 miles east of Lacon, IL on St. Rt. 17. Gathering in the main hangar. Those flying in can taxi right up to the main ramp.
