

Gyroplane Adventures

Greg Gremminger, an aviation enthusiast for the better part of his life, has been a gyroplane dealer for Magni Gyro for more than two decades. He is a gyroplane instructor and has organized a number of group cross country flights in gyroplanes. His presentations on these trips explore the decision making and concerns that go with making a long trip in smaller aircraft. The program also offers an opportunity to explore the capabilities of the gyroplane as an LSA choice.

Click the link below to return to the Midwest Aviation Expo event page and register for the other seminars you plan to attend:
