

Abraham Lincoln Capital Airport (SPI) Runway Safety Action Team (RSAT) Meeting

Event Details

The purpose of this RSAT meeting is to unite those individuals and organizations that are actively involved in air traffic operations and movement of aircraft, vehicles and equipment on the Airport Operations Area (AOA). We look for participation from all major airport interests including tenants, fixed base operators, airport operations and maintenance personnel. Participants are asked to help develop recommendations and solutions to enhance surface safety. Those recommendations serve as the foundation for a site-specific Runway Safety Action Plan.

If you are unable to attend in person, you can join the RSAT meeting via zoom using the link below:
