

EAA Chapter 129 IMC Club

We often discuss the "Dirty Dozen" in the context of maintenance errors, but pilots are just as susceptible to a recurring list of common pitfalls. This month, Capt. John Rettick will dive into the **Top 15 Most Common Mistakes Pilots Make**, examining why they happen and how to stay ahead of them.

Using these 15 points as our guide, we will explore real-world scenarios and different strategies to mitigate risk in the cockpit. This is a collaborative, non-punitive environment where we learn from each other's experiences. Whether you are a student pilot or a veteran aviator, come share your perspective and walk away with more tools in your quiver!

Whether driving or flying, park at Synergy Flight Center (FBO) and proceed to Hangar F15 which is located at the north end of the parking lot. It is the last hangar on the first row of T-hangars.
