

EAA Chapter 770 VMC Club Meeting

Please join us Tuesday evening, April 7th at 6:30pm for EAA Chapter 770's VMC club meeting. After revealing the answer to the Question of the Month (QoM), we will watch a short scenario video. This month, the QoM is on fuel planning in cross country flights. The scenario involves an aircraft experiencing wind shear issues on final. For additional topics, we will discuss risk management as it pertains to our scenarios and pilot mindset in dealing with unforeseen circumstances.
