

Coffee with Controllers - University of Illinois Willard Airport (CMI)

Sometimes questions come up that are too in depth to discuss on frequency. This is your chance to ask those questions! Air Traffic Controllers from The University of Illinois Willard Airport (CMI) will be available from 11 a.m. to 1 p.m. to answer questions and discuss operations at CMI. This is a unique opportunity for pilots to meet some of the Air Traffic Controllers they hear on the radio and learn more about CMI ATC procedures.

The event will be held in the meeting room at Flightstar.

A message from the National FAASTeam Manager
