

EAA Chapter 770 VMC Club Meeting

Please join us Tuesday evening, June 2nd at 6:30pm for EAA Chapter 770's VMC club meeting. After revealing the answer to the Question of the Month (QoM), we will watch a short scenario video. This month, the QoM is on gathering in-flight weather information. The scenario involves an aircraft departing in lifting fog that then decided not to lift. For additional topics, we will review the latest updates from the Leidos 1800WXBRIEF site.
