

EAA Chapter 770 VMC Club Meeting

Please join us Tuesday evening, September 1st at 6:30pm for EAA Chapter 770's VMC club meeting. After revealing the answer to the Question of the Month (QoM), we will watch a short scenario video. This month, the QoM is on runway incursions, and we will examine some unusual runway/taxiway configurations that are a factor in this. The scenario involves a pilot flying an aircraft with a control system failure. We will discuss possible ways to deal with this situation.
