SPI FAASTeam presents:

EAA Chapter 129 VMC Club Meeting-Hybrid Event

Jeffery C. Arnold of Leidos Flight Service returns via Zoom for the second installment of EAA Chapter 129's VMC Club series on preflight weather briefings. In October, Jeff introduced us to the tools and weather products available to pilots. In November, he'll share his screen and walk us through 1800WXBRIEF.com, showing how to use those tools together to build a thorough, route-specific briefing you can repeat before every flight. FAA WINGS credit will be awarded for attending.

Whether driving or flying, park at Synergy Flight Center (FBO) and proceed to Hangar F15 which is located at the north end of the parking lot. It is the last hangar on the first row of T-hangars.
