

North Dakota FAASTeam presents:

## FAASTeam 'Safety Short'

The University of North Dakota FAASTeam is excited to present on flight after use of medications with sedating effects. It is important that pilots understand how medications can affect their performance in an aircraft. This presentation will provide an interesting look into flight physiology.

**Directions:** Atmospherium located inside Odegard Hall - University of North Dakota Main Campus

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
