

UMAS Scheduled Event: Surviving an FAA Ramp Inspection

It's Back! As airman, we are required by regulation to accomplish some basic functions prior to any flight. We'll talk about what the FAA Inspector will be looking for if they approach you on the ramp. Don't worry, if you followed the rules you have nothing to fear...but did you? We will discuss the Ramp Inspection process from start to finish, your rights and theirs. See the schedule of events at: <http://www.ndac.aero/umas.htm>

Directions: See the schedule of events at: <http://www.ndac.aero/umas.htm>

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
