

FAA Safety Forum Webinar List for AirVenture 2015

Can not travel to EAA AirVenture 2015. Join us for the FAA Safety Forum Seminars via your computer.

Register for each topic you would like to attend by clicking on the link (or cut and paste into your browser)

After registering you will receive a confirmation email containing information about joining the Webinar.

The Safety Presentations include:

NATCA's Robert Obma will be discussing "Weather and Next Generation for GA".

Title: Weather and Next Generation for GA

Date: Monday, July 20, 2015

Time: 8:30 AM - 9:45 AM CDT

Webinar ID: 158-391-795

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/3090037058692332034>

Bill Standerfer calls Colorado home is here to share the "ins-and-outs" of mountain flying

Title: "Flying the Colorado Rockies Safely".

Date: Monday, July 20, 2015

Time: 10:00 AM - 11:15 AM CDT

Webinar ID: 112-882-859

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/7727375782935230465>

Alan Frazier, Associate Professor at the University of North Dakota will be discussing Law Enforcements use of Unmanned Aircraft Systems (UAS).

Title: Law Enforcement use of Unmanned Aircraft Systems (UAS).

Date: Monday, July 20, 2015

Time: 11:30 AM - 12:45 PM CDT

Webinar ID: 105-757-035

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/4574474513323174657>

Michael McKinley, Senior Attorney, Office of the Chief Counsel for the FAA will be here to discuss "What's New in FAA Legal Enforcement".

Title: Whats New in FAA Legal Enforcement

Date: Monday, July 20, 2015

Time: 1:00 PM - 2:15 PM CDT

Webinar ID: 118-653-531

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/3913460217332361729>

Rogers Shaw is the Aeromed Training Officer with the FAA's Office of Aerospace Medicine. Rogers will be discussing the physiological stresses on your body at altitude.

Title: Aviation Physiology - Your Body Up There

Date: Monday, July 20, 2015

Time: 2:30 PM - 3:45 PM CDT

Webinar ID: 112-641-323

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/2562377030591995393>

Bill Crozier will discuss unmanned Aircraft System use and what the FAA is doing with regard to this rapidly evolving issue.

Title: Unmanned Aircraft Systems

Date: Monday, July 20, 2015

Time: 4:00 PM - 4:45 PM CDT

Webinar ID: 118-287-299

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/6687957963283873793>

Rogers Shaw will be discussing the Factors that Affect Altitude. Whether it is medications, alcohol, diving, etc.

Title: Weather and Next Generation for GA

Date: Tuesday, July 21, 2015

Time: 8:30 AM - 9:45 AM CDT

Webinar ID: 155-168-595

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/4486312372479324162>

Rod Machado is a pilot and author of aviation flight training materials. He is known for his lively and entertaining teaching style that packs the house.

Title: Hanger Flying with Rod Machado

Date: Tuesday, July 21, 2015

Time: 10:00 AM - 11:15 AM CDT

Webinar ID: 105-155-835

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/8018464889427842818>

Marke "Hoot" Gibson is the Executive Director, NextGen Institute and will be discussing the hot topic of the ADSB mandate.

Title: Equip 2020 and the ADSB Mandate

Webinar ID: 154-639-747

Date: Tuesday, July 21, 2015

Time: 11:30 AM - 12:15 PM CDT

Webinar ID: 154-639-747

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/8310396221869705729>

Robert Shafer is the Operations (Response) Department, Deputy Chief for the U.S. Coast Guard Auxiliary and will be discussing "Ditching and Water Survival".

Title: Ditching and Water Survival

Date: Tuesday, July 21, 2015

Time: 1:00 PM - 2:15 PM CDT

Webinar ID: 131-571-459

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/6033100932559765250>

John Dye is a Representative for the FAA Safety Team and is out of Lisbon, OH. John will be discussing "Upset Recover / Loss of Control".

Title: Upset Recovery / Loss of Control

Date: Tuesday, July 21, 2015

Time: 2:30 PM - 3:45 PM CDT

Webinar ID: 128-796-723

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/6477831395762805505>

Paul will be speaking on the benefits of Safety Management Systems (SMS) which is an innovative system for hazard identification and risk mitigation.

Title: How to Build a Flying Club Safety Management System (SMS)

Date: Tuesday, July 21, 2015

Time: 4:00 PM - 4:45 PM CDT

Webinar ID: 127-689-955

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/6083465162182607106>

Dr. Gregory Pinnell is a board certified Family Practitioner and Senior Aviation Medical Examiner in Saginaw, Michigan. Dr. Pinnell will explain the FAA Medical process. .

Title: Navigating the FAA Medical

Date: Wednesday, July 22, 2015

Time: 8:30 AM - 9:45 AM CDT

Webinar ID: 147-639-339

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/8009366430862383105>

Joe Daniele is an Operations Engineer for Automated Flight Service Station (AFSS) at Lockheed Martin. Stop by for an informative discussion on all of the services offered by AFSS and how they can help you fly safe.

Title: Not the Flight Service You Once Knew

Date: Wednesday, July 22, 2015

Time: 10:00 AM - 11:15 AM CDT

Webinar ID: 120-363-819

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/4395467423432735490>

Joe Whittles is a member of the faculty of Western Michigan University. Learn from the expert on how to get the most out of your tablet while participating in your aviation endeavors.

Title: Taking Your Tablet Flying

Date: Wednesday, July 22, 2015

Time: 11:30 AM - 12:45 PM CDT

Webinar ID: 159-948-299

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/7650284624928937218>

The King's need no introduction, they have been on the cutting edge of aviation training for over 40 years. Stop by for their latest presentation on "Avoiding Unwanted Adventure".

Title: The Kings on 'Avoiding Unwanted Adventure'

Date: Wednesday, July 22, 2015

Time: 1:00 PM - 2:15 PM CDT

Webinar ID: 157-416-523

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/7621125576560514050>

Andy Miller is with the AOPA Foundation Air Safety Institute as well as a Representative for the FAA Safety Team and will be presenting "Safety Starts on the Ground".

Title: Safety Starts on the Ground

Date: Wednesday, July 22, 2015

Time: 2:30 PM - 3:45 PM CDT

Webinar ID: 108-442-587

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/8602433107280958210>

Mike Conklin is a former Marine One helicopter pilot for President Bill Clinton. Learn from the expert about the future of rotorcraft and tiltrotor aircraft operations in the Chicago area.

Title: 'Chicago Vertiports & Tiltrotors'

Date: Wednesday, July 22, 2015

Time: 4:00 PM - 4:45 PM CDT

Webinar ID: 117-420-955

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/5154595540017393154>

Bob McCabe is a Representative for the FAA Safety Team (FAASTeam) out of Philadelphia and will be discussing "Night Flying Hazards and Preventive Measures".

Title: Night Flying Hazards and Preventive Measures

Date: Thursday, July 23, 2015

Time: 8:30 AM - 9:45 AM CDT

Webinar ID: 153-789-531

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/5382834362734661378>

Greg Feith is an American former Senior Air Safety Investigator with the National Transportation Safety Board (NTSB). Greg's presentation is, "Was it Really Worth it?"

Title: Was It Really Worth it?

Date: Thursday, July 23, 2015

Time: 1:00 PM - 2:15 PM CDT

Webinar ID: 133-756-307

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/774103831562855681>

Rogers Shaw will be discussing Crew Resource Management (CRM). Rogers will discuss the nuts and bolts of CRM and why it is so important.

Title: Single / Dual Crew Resource Management

Date: Thursday, July 23, 2015

Time: 2:30 PM - 3:45 PM CDT

Webinar ID: 141-026-659

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/3043260535804430593>

Dr. Fraser is FAA's Federal Air Surgeon with the Office of Aerospace Medicine. Learn from the source the latest "Hot Medical Issues" in aviation.

Title: Hot Aeromedical Issues

Date: Thursday, July 23, 2015

Time: 4:00 PM - 4:45 PM CDT

Webinar ID: 120-682-131

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/2963947264534949377>

Lt. Col. Kevin "Big Jim" Roethe and Lt. Col. Mike "Alvin" present: An F16 just pulled up on my wing, what have I done and what happens next?! Learn how to avoid this situation and what to do if it does.

Title: Interceptor Operations, TFR's and You

Date: Friday, July 24, 2015

Time: 8:30 AM - 9:45 AM CDT

Webinar ID: 120-322-531

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/3196223493949237761>

Rick Massimini and Rick Niles are with MITRE Corp. Rick and Rick will be discussing the VOR Minimum Operational Network Status.

Title: VOR Minimum Operational Network Status

Date: Friday, July 24, 2015

Time: 10:00 AM - 11:15 AM CDT

Webinar ID: 117-825-339

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/9174834462655745793>

Woody Minar will be presenting on Take-off's and Landings, the areas of flying that demand the most skill and, subsequently, the phases of flight responsible for the most accidents.

Title: Take-off and Landings - Preventing an Accident

Date: Friday, July 24, 2015

Time: 11:30 AM - 12:45 PM CDT

Webinar ID: 146-994-115

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/2802625818996436994>

Greg Feith is a former Senior Air Safety Investigator with the National Transportation Safety Board (NTSB) and was in charge of the NTSB "Go-Team" from 1993 to 2001.

Title: Those Daring Pilots and Their Flying Machines

Date: Friday, July 24, 2015

Time: 1:00 PM - 2:15 PM CDT

Webinar ID: 131-449-947

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/1734810912426173185>

Dean Brown is an active Air Traffic Controller. Hear what it is like on the other side of the radio when emergencies happen.

Title: Air Traffic Assistance During In-flight Emergency

Date: Friday, July 24, 2015

Time: 2:30 PM - 3:45 PM CDT

Webinar ID: 131-694-291

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/9142237241427578113>

Bill Crozier will discuss what the FAA is doing with regard to this rapidly evolving issue.

Title: Unmanned Aircraft Systems

Date: Friday, July 24, 2015

Time: 4:00 PM - 4:45 PM CDT

Webinar ID: 132-211-955

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/485221445017068546>

Peg Ballou will be discussing "Understanding Airspace: A Hands-On Approach".

Title: Understanding Airspace: A Hands-On Approach

Date: Saturday, July 25, 2015

Time: 8:30 AM - 9:45 AM CDT

Webinar ID: 105-508-811

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/4449245636677258497>

George Perry's discussion today is "Mind Over Matter, Strengthening the Weakest Link".

Title: Mind Over Matter, Strengthening the Weakest Link

Date: Saturday, July 25, 2015

Time: 10:00 AM- 11:15 AM CDT

Webinar ID: 148-558-267

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/5686533767995994625>

Dr. Strahle presentation includes understanding and interpreting in-flight NEXRAD radar images.

Title: Thunderstorm Avoidance Using Airborne NEXRAD Radar

Date: Saturday, July 25, 2015

Time: 11:30 AM- 12:45 PM CDT

Webinar ID: 140-134-147

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/9139411496561917441>

Partial and Total Engine Failures on Takeoff - Should you respond differently with a partial power loss, compared to total engine failure?

Title: Partial and Total Engine Failure on Take-off

Date: Saturday, July 25, 2015

Time: 1:00 PM - 2:15 PM CDT

Webinar ID: 128-392-323

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/4372982410664773890>

Larry Bothe is going to discuss what may be one the most fundamental questions in aviation, "Is Your Airplane Airworthy?"

Title: Is Your Airplane Airworthy?

Date: Saturday, July 25, 2015

Time: 2:30PM - 3:45 PM CDT

Webinar ID: 146-560-723

Register now by clicking the link below:

<https://attendee.gotowebinar.com/register/8856168505156623106>

Terry Michmerhuizen will discuss the writing on the wall with regard to lead in av-gas. .

Title: Why is There Still Lead In Av-Gas?

Date: Saturday, July 25, 2015

Time: 4:00 PM - 4:45 PM CDT

Webinar ID: 111-948-275

Register now by clicking the link below:
