

EAA VMC Meeting

We will be viewing a short video based on an actual event happening in VFR conditions. The scenarios present challenges that will be discussed based on your experience. We learn from each other. Because thinking about an unusual/emergency situation before/if it happens helps immensely when/if it actually does!

The meeting time will be held to an hour.

Fargo Jet Center passenger terminal/FBO building first-floor conference room. There will be signs pointing the way or the attendant at the terminal desk can direct you. (Turn left after entering from the parking lot side.)

A message from the National FAASTeam Manager
