

Michigan FAAS Team presents:

EFB use with Foreflight

Stewart Aviation in coordination with the Michigan FAAS Team is proud to present a free seminar on Electronic Flight Bags and the ForeFlight Application. The seminar is being presented as a workshop and pilots are encouraged to bring their mobile device(s) with ForeFlight installed. During the Seminar we'll be discussing the legalities of using these types of systems and will actively work through the advanced technology found within ForeFlight. This is meant to be a training activity and pilots are encouraged to bring questions. There is no requirement to bring a mobile device in order to attend this event. Light refreshments will also be provided.

Directions: FROM THE EAST OR WEST: Take the Ohio Turnpike to Exit 34 and continue North on Highway 108 for less than a mile. Turn right on County Road J and continue for one mile. At the first intersection turn left onto County Road 14. The airport will be a half mile down the road on the right hand side. FROM THE NORTH OR SOUTH: Take Highway 108 to County Road J. Turn onto County Road J and continue for one mile. At the first intersection turn left onto County Road 14. The airport will be a half mile down the road on the right hand side.

A message from the National FAAS Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
