

## Am I legal??

Gary Knaggs will present how to determine if an aircraft is airworthy. This will include minimum equipment requirements. With new aircraft, there maybe some required equipment that the pilot is unaware of.

In addition Von Thompson will discuss where pilots get into trouble with insurance coverage after an incident or accident.

**Directions:** Take I-94 to State Street exit. Go south to the first light and turn right. Take Airport drive all the way to the end. The seminar will be in the main terminal building conference room.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
